BDSM

I see nothing wrong with adding a little *spice* to your sex life, for me, it's a little bondage, and maybe some dominance.

- B&D, B/D, or BD: Bondage and discipline
- D&s, D/s, or Ds: Dominance and submission
- S&M, S/M, or SM: Sadism and masochism
- Bottom/submissive: partner who receives or is ...

Oddly, this might explain some of my other posts here, including the DDGL on prior.
