A Master's Complete Guide to Training His Submissive

I will desire a D/s relationship, with a M/s power dynamic.

Assuming you are willing... here is a basic outline:

1. Type slave wanted.

- **Kajira (Gorean slave)** - Both:

- **House/Domestic Slave** (Servant) - Responsible for maintaining the running of the household, including laundry, cleaning, cooking, etc.

- **Sex Slave** - Property to use as desired, including B/D and free used of kinks.

- **Toilet Slave** - Not sure here - But we can talk, maybe a little? Or is that your thing? I'm sure it will be all good with communications.

2. Talk it out

- Discuss boundaries and wants / desires

- Hard limits? Extent of dynamic? Desires?

- Agree on protocol

- High or Low?
 - Sometimes (ie: in the bedroom) or 24/7?
 - And which combo of the two lines above?
3. Sign a contract
 4. Teach submissive poses
 - Stand, Sit, Kneel, All Fours, Spread, Display: Breasts, Mount, Pussy, Ass
 5. Give Rules and Train for Duties / Chores
 - Personal Growth Rules
 - Sexual Duties
 - House Rules
 6. Punishment
 - Verbal reprimand, Revoking privileges, Humiliation or Physical punishments
 7. Collar them if all goes well
 - Conduct a trial run period
